I received your FAX on documents 8-9. I will have to coordinate the release of these documents with OGC due to fact OGC denied in full at the initial level.

Additionally, there are full text copies of documents 6-7 in MORI (444160/441161 that you could print out for reviewing. I have a full text copy of No. 5 but I was waiting to see if DA/Security passed us a better copy before scanning into MORI. I will fax you a copy in the meantime. Once I get full text copies of all documents I will redact on line for the DO.

Thank you for your partial response and advanced copies.
